To prepare for your new pet and make sure they feel right at home, consider the list below:

The right food

Ensure your pet gets the best nutrition. We offer a wide range of vet-recommended food and our helpful staff will assist you in finding the best food for your pet.

Bed & blanket

To keep them warm and cosy and for comfortable daily naps.

Treats

To reward their good behaviour or just to spoil them.

Bowls for food & water

For their favourite time of day - meal time.

Toys

Play time is important to keep your best friend physically and mentally stimulated.

Poop scoop & bags 

They will need some help cleaning up their mess, especially when you're out and about on a walk.

Training pads & cleaning spray 

Trust us on this one!! You'll need these products to properly train your pet when it comes to doing their business.

Cat litter and litter box 

Whether you have a garden or not, every cat needs its own litter box to take care of its business.

Collar / harness and lead

Whether you need something durable, flexible, retractable, reflectable (LED) or fashionable, we'll help you find the right fit and style for your pet.

Tick & flea treatment

To protect your pet from scratching and getting sick. (Remember, most tick and flea products are only suitable for puppies and kittens older than 8 weeks).

Shampoo

For a clean and healthy coat AND for those amazing fresh cuddles.

Brush and grooming kit

Even our pets deserve to look their best.

Toothpaste & toothbrush 

For fresh breath and healthy teeth so there is no holding back on those loving licks.

De-worming

To protect your pet from all kinds of nasty parasites.

Identification tag

An absolute must - if they ever get lost a simple tag with your pet's name and your contact number will help someone bring them back home to you.
